

# **TRANSFORMERS**

## **OPTIMUS PRIME**

**13cm Promotional variant**

**GENERATION 1  
AUTOBOT  
COMMANDER**

**CARDSTOCK MODEL  
VERSION: 1.1**

This model is presented for personal use only, no monetary gain may be made from it without explicit written contract with the designer.

Product design and colors may vary.

Poses shown may require additional support.

Model was designed for use on medium to heavy grade cardstock. This model was tested and built with 110lb (200g/m2) cardstock.

This model has not been tested on standard bond paper. The designer can not be held responsible for warping, collapsing, or failure to perform.

This is a vector based Adobe Acrobat PDF file.

Contact designer for authorization to post elsewhere.

No part of this data may be revised for distribution, stored in a public or multi-user retrieval system, or transmitted, in any form or by any means electronic, manual, mechanical, telepathic, quantum or otherwise, without the prior written permission of the designer.

This model is provided in cross compatible "A4-L" sheet size. The absolute page boundary matches the intersection between A4 sheet size and typical US Letter size. For optimal results print on your local paper size (A4 or Letter) at 100%, do not "shrink to fit", "fit to page" or "expand".

Do center and rotate to fit.

Margins have been designed to accommodate common printer edge margin.
